

JUSTICE

FOR

DEEPAN

Stop his deportation.

Restore his citizenship.

No to double punishment.

Deepan Budlakoti was born and raised in Ottawa yet is facing deportation to India, a country where he has no family, and not is even a citizen.

Right now, the only thing stopping his deportation is that India refuses to issue him a travel document.

In the meantime, his life is in limbo: he can't work, is under a strict curfew, and has no access to basic social services.

Deepan is a member of our community.

Stand with him as he fights to remain with his family and friends in Ottawa and uphold his full dignity!

Reject the unjust and racist policies that seek to dehumanize and throw him out of our community and country!
